Respected Sir,

Capital Numbers (www.capitalnumbers.com) is a 3 year old software development company based out of Sector V, Saltlake. We were awarded one of the "Top 10 Promising Start-ups" in the competition for CII Industrial Innovations Awards 2015 by CII and the Ministry of Skill Development and Entrepreneurship, Govt of India. Last year too, we were awarded "SME Start-up of the Year" by The Telegraph at The Infocom. We also received "Bengal Entrepreneurship Recognition" from The Bengal Chamber of Commerce earlier this year. We are a young and fast growing company based out of Kolkata.

Naturally, this has not gone down too well with our competitors and we have started to see a deliberate attempt by some unscrupulous person to malign our name by posting fake reviews about us across multiple international websites.

A few such examples can be seen at –

We do not know of anyone named Stuart Clark, Patrick P, Keith Harley or, Somnath Chowdhury which are the names being used at these sites. They are neither our existing customers or, employees. We believe that this is a competitor who is systematically trying to destroy our business reputation by consistently harassing us and leaving negative feedback online about our business. This person has never been an actual customer or employee, and is out to defame our business.

Sir, we have built the company very painstakingly and with a lot of hard work and we will be grateful if you can help us out here. If you can register a formal complaint then we can contact these websites and even prove to our clients that these are all fake.

Needless to say , we will be extremely grateful for your help and will extend our full cooperation in the investigation.

Thanks,

For **Capital Numbers Infotech Pvt. Ltd.**
